

MEMBERSHIP VALUE PACK

The leading industry peak body, uniting PNG's resources and energy sector to champion responsible growth, innovation, and sustainable development across one of the world's most resource-rich regions.

OVERVIEW

Papua New Guinea Chamber of Resources and Energy (PNG CORE) is the peak body representing the interests of the country's resources and energy sector. It plays a pivotal role in policy advocacy, industry development, and stakeholder engagement.

MISSION AND VISION

We exist to create the understanding, generate knowledge, and forge the relationships which empower Papua New Guinea to capture sustained nation-building benefits from its natural resources.

VALUES

Integrity:

We uphold the highest standards of integrity in all our actions, ensuring transparency and accountability.

Collaboration:

We believe in the power of collaboration, working together to achieve our strategic intent and create sustainable benefits for PNG.

Sustainability:

We are committed to sustainable use of natural resources, ensuring we meet needs without compromising the ability of future generations.

Empowerment:

We empower our people and the communities we serve, enabling them to capture sustained nation-building benefits from their natural resources.

Innovation:

We embrace innovation, continually seeking new and better ways to create understanding, generate knowledge, and forge relationships.

MEMBER VALUE

- Advocacy and representation
- Access to exclusive events
- Policy influence
- Networking and capacity building

MEMBER VALUE

Unlock Exclusive Member Benefits and Make an Impact

Here are some benefits of why you should be a member

Networking Opportunities

The Chamber provides a platform for networking with industry leaders, potential clients, and partners. This can lead to business growth, partnerships, and collaboration opportunities.

Industry Insights & Information

Members often get access to valuable industry reports, updates, and insights. This information can be crucial for staying ahead of market trends and making informed business decisions.

Advocacy and Representation

The Chamber advocates on behalf of its members at various levels of government and industry. This can include lobbying for favorable policies, regulatory frameworks, and supporting the industry's interests.

Educational and Professional Development

The Chamber may offer workshops, seminars, and conferences that provide education and professional development opportunities. These events keep members updated on the latest technologies, practices, and regulatory changes.

Access to Expertise

Members can benefit from the collective expertise within the Chamber. This includes legal, environmental, technical, and market expertise that can be invaluable for navigating the complexities of the resources and energy sectors.

Collaboration on Sustainability and CSR Initiatives

The Chamber might facilitate collaborative efforts on sustainability and corporate social responsibility, aligning with global and local environmental and social governance trends.

Enhanced Credibility

Membership can enhance a company's credibility, showcasing a commitment to industry standards, ethical practices, and community engagement.

Support In Challenges

The Chamber can provide support to members facing industry-specific challenges, offering guidance, resources, and advocacy.

Promotional Opportunities

Membership can offer promotional opportunities, allowing companies to showcase their services and products to a targeted audience within the industry.

Global and Local Perspective

The Chamber often provides a unique blend of global insights and local knowledge, crucial for businesses operating in the dynamic landscape of the PNG resources and energy sectors.

“As a member, you’ll gain access to powerful resources designed to help you thrive and lead in the industry.”

- Access exclusive industry data, trends, and expert analysis.

- Connect with industry leaders, expand your network, and collaborate with peers.

- Amplify your voice in shaping national policies that matter to you.

- Champion sustainability and create positive local impact.
